

Pinning Current Semester Courses

This guide provides general tips on how make your courses show on your eLearning dashboard (My Courses widget).

Pinning Current Spring Courses

Via the Minibar – Course Selector

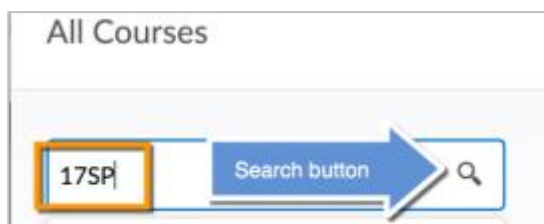

1. Click the **Course Selector** (a)

2. (b) Type the semester code (e.g. 17SP) in the **Search a Course** textbox and (c) click the **Search** button.
3. Click the push pin near the course you, and do the same for each course you need to display on the dashboard.

Via All Courses List

1. From the Dashboard, click **View All Courses**.
2. Type the **semester ID** (e.g. 17SP) in the **Find a course** textbox and click the **Search** button.

3. Click the **Options** menu in the top right corner of the course and click **Pin**. If you are using assistive technology or keyboard-only navigation, press tab to access the **More Options** button and press enter to view the menu items.
4. Repeat step 3 for each course you need to display on the dashboard.
3. Close the **All Courses** window.
